ALBEN W. BARKLEY

In addition to the vice president, a musical program by top-flight musicians will be a feature of the rally which is calculated to spur 30,000 Red Feather volunteers to carry this fast-paced drive to success in record time. In accepting the invitation, Vice President Barkley wrote: "I am happy to undertake to do this and want you to know that I deeply appreciate the honor."

The debonair 71-year-old statesman who delivered the keynote address at the 1948 Democratic Convention in Philadelphia is widely known for his audience appeal. He has been prominent at every Democratic convention since 1932. Starting his Washington career as representative from Kentucky from 1913 to 1927, he was

then elected to the U. S. Senate where he served until his election to the vice presidency.

From humble beginnings in a Kentucky log cabin built by his grandfather, Vice President Barkley has achieved notable success as a colorful figure of worldwide renown. He was Democratic majority leader of the Senate for 10 years and served as minority leader in the 80th Congress.

Meanwhile youthful orators in the high schools of the metropolitan area are taking a keen interest in the junior speaking contest on the theme, "What the Community Fund means to Metropolitan Boston." Already competing in the metropolitan divisions are pupils in the following high schools: East - Malden, Medford, Reading, Somerville and Wakefield, also St. Joseph's Parochial High School of Somerville; South - Canton, Hingham, Westwood and Weymouth; West - Medfield, Weymouth and Weston; North and Central - Arlington, Brookline, Lexington, Waltham, Watertown, Winchester, also the Catholic Boys and Girls High Schools and St. Charles High School of Waltham.

Local administration and public employee chairmen will join Walter T. Kenne, leader for Arlington at the fourth weekly Dutch treat luncheon of Metropolitan Divisions, next Monday (Oct. 10) at the Boston City Club. This is 80 per cent enrollment day. Mrs. Frances W. Guild, director, will discuss the vital role of Red Feather Information Service in helping the people of Metropolitan Boston.

The invocation was given by the Rt. Rev. Msgr. Matthew J. Flaherty, pastor of St. Agnes' church. Msgr. Flaherty spoke briefly in praise of the activities by which Mr. Golden has endeared himself to the citizens of Arlington. Rev. Long ago the home was considered a haven of safety from the danger of fire but noting the casualties resulting from fires in the home in recent years, we wonder. It is far from safe as regards to fire. Careless disposal and handling of lighted cigarettes within the home has totalled a tremendous loss of life painful injury and damage to property. ## "Newspaper Week"

In setting aside the week from October 1 to 8 as National Newspaper Week, to stress the importance the newspaper of the country play in not only disseminating the news, but in guiding public opinion, it is fitting that a day also be set aside to honor the boys who deliver these papers to the home.

Saturday, October 8th, will be known as Newspaper Boy Day, in recognition of the important role in the machinery of newspaper distribution these youngsters play.

Many a leader in our national life began his career as a newsboy, saving from his meagre earnings to work himself through college. In his role of a newsboy, he learned the hard way, and the responsibilities he would be called upon to face in later life. In cold, stormy weather, the newsboy is on the job, bringing to us our cherished newspaper with its steady and truthful stream of news. We owe him a great deal.

Here is an opportunity to show our appreciation of the vital role our newsboy plays in everyday American life.

## "Get That Sticker."

It is time for the fall safety inspection sticker. October is automobile checkup month. Obviously, the inspection campaign is this year more necessary than ever. There are hundreds more automobiles on the highways than ever before. Since spring most cars have travelled great distances. It was a great summer for touring.

Now that inspection time is around again, motorists are being told they must remove all old stickers from their windshields. The new stickers will be put on the lower right hand corner of the windshield - nowhere else.

The wise motorist will cooperate with the safety authorities, of course and will not wait until the last minute to get the sticker.

As of November 1st, cars without the stickers have no right on the roads, and the operators will face prosecution.

Delay can be costly and dangerous.

## Spy Pond Rod And Reel Association

An informal meeting of the Spy Pond Rod and Reel Association, was held September 14th at the Robbins Junior Library Hall.

The proposed "clean up" campaign will be held for further consideration of the technicalities involved. A letter from the Board of Selectmen of the Town was read by the Secretary and this formed the basis of discussion in reference to the clean up campaign.

Mr. Frederick B. Lewis, Chairman of the Civic Betterment Committee of the Kelwyn Manor Association was present at this meeting and spoke briefly to the group assuring them of the cooperation of the Kelwyn Manor Association. The problem of eliminating the menace caused by rats in Silk's Pit, is one which virtually interests the Kelwyn Manor Association, since these rats are liable to migrate in that direction.

A formal election of officers, and decisions as to the general format of the Association will be scheduled for the next meeting.

CHIEF R. J. TIERNY-

he was careful for he realized the possible danger from fire. In this age many members of a family are smokers and they have to a degree assumed a careless attitude regard ing smoking.

Too many lives are snuffed out because someone does not think. A large percentage of fires are preventable. The warning "Be Careful" should be practiced daily to avoid disastrous fires.

We must be aware also that many modern appliances have created hazardous conditions.

The Fire Department brings these important facts to your attention:

Never use gasoline for cleaning purposes. The danger cannot be overemphasized. It takes 83 pounds of dynamite to do as much damage as the vapor from one gallon of gasoline!

Guard against careless smoking and careless use of matches. Never smoke in bed.

Do not store old furniture or bedding in the cellar or attic.

If you save newspapers, be sure to tie papers securely in bundles.

Keep cellar free from inflammable materials such as oil-soaked cloths — old paint brushes and paint pots. Do not accumulate rubbish. The cellar is the danger spot when cluttered with such and a fire in the cellar quickly extends to the attic.

Keep heaters in good condition and have oil burners serviced regularly by competent workmen. Clean smoke pipes and chimneys before starting heater fires.

Place ashes in metal containers only, and never on the floor or against wooden partitions.

Do not use heavier fuses than prescribed and do not overload electric circuits with lamps, motors or appliances. Do not hang electric cords on nails. See that wiring is safe by proper installation.

In case of fire, call the Fire Department at once! Delayed alarm has resulted in serious injury and loss of life!

# Winchester High Drops First Contest To Watertown Eleven

Falling before a sharp passing attack and a powerful running game, Winchester high school's football eleven dropped its first game of the 1949 season to powerful Watertown high on Saturday afternoon by a 37-13 score.

A versatile backfield quartet, Parrella, Stackpole, Charshoodian and Hemphill, all shared in a stunning attack which overpowered Winchester's front wall. Watertown piled up a 12-0 lead early in the second period, balanced two Winchester tallies and added another pair in the final quarter.

The Winchester eleven showed signs of coming back in the second period and trailed by only a 24-13 count at half time. But as has been the case throughout the season, the second half was not as sharp as the opening periods and Winchester could not cut down the margin.

Watertown moved with the opening kickoff and Charshoodian and Steve Hemphill lead an attack to the Winchester 20. A Jim Lopez to Carmen Parrella pass set up the first score.

The brilliant running Phil Stackpole made it 12-0 early in the second period when he broke through his own right tackle and scampered some 55 yards into the end zone.

Here Winchester began to move. After the kickoff return to the 30, Captain Paul Amico turned in his best individual effort of the year, a scintillating 70 yard sprint thru tackle to make it 12-6. Langdon Smith converted and Winchester was back in the game.

After an exchange of punts, however, Lopez found Winchester's weakness, pass defense and heaved to Jack Charshoodian, who pulled in the pigskin on the home team's 25 and continued into the end zone.

Score Watertown 18-Winchester 7.

The home team wasn't yet through, however. Don Devlin circled to the left, outran the secondary and kept going for another brilliant 70 yard sprint. Smith missed fire and it was 18-13, with Winchester still a contender.

Watertown wiped out this score and put on the clincher just a moment later. This time it was the fleet-footed Stackpole tossing, and Tom Vasquez receiving and running for the tally. The pass went from the Watertown 40 to the Winchester 30 and Vasquez went the rest of the way alone.

The final Watertown touchdowns in the last period came as a result of steady, sustained drives with Parrella culminating a 65 yard march with a two yard plunge and Hemphill going over thru left tackle.

# PILGRIM THEATRE TO TELEVISION WORLD SERIES ON FULL SCREEN

The televising of the complete 1949 World Series on the screen of the Pilgrim Theatre was announced by Samuel Pinanski, president of American Theatres Corporation, operators of the downtown Washington street theatre.

The Pilgrim thus becomes the first New England movie house in theatre and television history to project video on its screen and the second theatre nationally, the Fox Theatre, Brooklyn is the other, to announce plans to televise the Series games.

A. B. Chandler, Baseball Commissioner, has approved a contract by which the Pilgrim has acquired rights to show all the games of the annual fall classic, which begins on October 5th. With the extension of the coaxial cable last winter, baseball fans will be able to see all of this year's Series games, regardless of where they are played.

As each additional game becomes necessary to determine the Series winner, tickets for that game will be made available to the public immediately.

The Series will be brought to the Pilgrim screen via RCA's direct-projection television equipment, a newly developed unit for instantaneous showing of theatre-size video screen images. Engineers are now engaged in making permanent installation of the equipment by means of which the theatre has future plans to show other important news and sports events, Mr. Pinanski also disclosed.

The theatre televising of the Series is made possible through a special disposal of the video rights to the World Series. The provision stipulates that the video station carrying the game cannot object to the use of its signal by a theatre that has a contract with Mr. Chandler's office.

## ARLINGTON HIGH TO MEET MAJOR TEST vs. WALTHAM

Undefeated Arlington high will meet it's major 1949 test on Saturday afternoon, when they move over to Waltham to take on another unbeaten eleven.

Conquerors of last year's state title holding Malden eleven, the Watch City team is a distinct threat for state honors. A win for Arlington would place them at the top of the heap.

Coach Hank Toczyloski's team came through their initial tests with Newton and Somerville with flying colors. The victory over Somerville showed that the team has plenty of potential running power.

Somerville came up last week with a win over Everett, and Newton also came back into the win circle, indicating that neither of these elevens are exactly push-overs.

Arlington had an off day last Saturday, as the team drilled for the big Waltham duel. The local eleven is making no predictions, but hopes to give a good account of itself against Waltham.

The Arlington backfield quartet will consist of Jackie Cosgrove at quarterback, Don O'Brien and Paul Salisbury at halfbacks, and Dick Muello at fullback. Doyle, Bilafor, Meehan, Keneally and Myers will be available for relief duty.

Oppedisano and DeRosas will probably start at ends, although Szmanski, Hill and Samella will see service. Arlington will call on Albertelli, Rinboni, Hayes, Kelly and Theller at tackles, Tobin Rockwell and Tartarini at guards and Dorrington and Carey at center.

A large crowd is expected to fol-

## RED DEVILS VS. WOBURN YANKS CONTEST SURE TO BE FAST MOVING FIGHT

The Arlington Red Devils will inaugurate the first night football game ever held in the history of Arlington sports, on Tuesday evening, October 11, at 8:30 o'clock, for the benefit of the Arlington Boys' Club.

The Red Devils will play against the fast-moving Woburn Yanks, one of the top semi-pro clubs in New England. Tiger Graham, who was injured in the season's opener, will be back in action for this game, as will also Joe Callahan, who was tops, especially on defense in last week's game vs.

Bedford Army Air Base, until he sustained his injuries late in the second quarter of the game.

These boys, with the new Devil stars, such as Cub Coutomas, a great offensive back; Frog Marcoulter, slick ballhandler; Red Carlew, a line bulwark, and two glue-fingered ends, Bill Bowler and Gigs Miller, of last years Arlington high school team, should provide plenty of thrills in this game for the benefit of Arlington's Boys' Club.

The game with Readville scheduled for Sunday, October 9th, has been cancelled.

## NEW YORK VIGNETTE . . . by John Skinner

**SIDEWALKS OF:** It's not always so, but sometimes it seems that way to New Yorkers as well as you who visit here on occasion. Waiting lines for movie and stage shows sometimes extend around a full block. You wait patiently for your turn and after the performance is over, try to be polite in the subway crowds, only to find roller derby, boxing match and other I-gotta-get-there enthusiasts poking, pushing and shoving you around. But there are other factors concerning the matter of getting people in, out and around this city of which few are aware. One of those who are aware is Wendell Holmes, a man you'd think would be busy enough with such of his broadcast acting assignments as that of the lead of the MBS Wednesday "Scattergood Baines" program and as "Dr. Watson" in the network's Saturday "Sherlock Holmes" presentations. Not too busy, though, to observe things most of the mad-dog throngs do not.

**AROUND AND AROUND:** For example, there were 110,260 travelers in trouble here in 1948 who were aided by the Travelers Aid Society of New York. Of these, 445 were runaways, 1,464 persons trying to locate other persons and 15,945 people with financial and other problems. That's what places like the Grand Central Terminal can be the scenes of. Now that terminal, considered adequate for all future traf-

### LOCAL WOMAN ON CONCERT COMMITTEE

The Christ Child Society is opening the season by presenting a concert featuring song stylist Jean Blue Peri, on October 2 at the Hotel Commander, Cambridge.

Miss Peri has an exceptional theatrical background. Her father's family for generations have been known in theatrical circles of Europe, particularly in Italy. Her grandfather helped establish the LaScala Theatre of Opera in Milan, which is still in operation.

She is the possessor of the rare gift of a three octave voice which lends itself charmingly to varied types of music. Her services are

being offered for the benefit of the Christ Child Settlement House Winter Program, just before leaving for a scheduled Broadway show.

Among her delightfully chosen numbers are, medley of Grace Moore tunes, selections from "Car-men" and "Ava Maria".

Co-chairmen of the benefit are Mrs. Lawrence P. Harrington, and Mrs. John A. Smith. Assisting toward the success of the program are, Mrs. William H. Taylor, Mrs. Michael Carchia, Mrs. Robert Stanton and Mrs. William H. Ellis, Jr., all of Arlington.

Tickets may be obtained by calling the Christ Child Settlement House in Cambridge.

### New Medford Meadow Glen Theatre To Open Soon

Workmen last week affixed an American flag atop the 71 foot high steel screen tower of the Medford Meadow Glen drive-in theatre on the Mystic Valley Parkway, to mark the near completion of work on the \$250,000 showplace on the banks of the Mystic river. The opening of the unusual one thousand car theatre will take place within the next few weeks.

Included in the huge cement and brick building which houses the large ultra modern restaurant is the nursery, rest rooms and projection room.

A small button on the individual car speakers when pressed softly, lights up the top of the speaker stand summoning portable refreshment stands.

Already in place are the one thousand car speakers with selective volume control to allow the movie goers to clearly catch the faintest sigh of a harrassed Lana Turner or the mumbled threats of the angry Alan Ladd.

A feature which has excited the visiting theatre owners from other parts of the United States, is the dramatically illuminated restaur-

### ST. JAMES GUILD MEETING

The first fall meeting of St. James branch of the Massachusetts Catholic Women's Guild was held on Tuesday evening, September 20th, with the Regent, Kathleen M. Cunneen presiding. Following the meeting refreshments and a social hour were enjoyed. The affair was in charge of Mr. Rose Hardy as chairman.

### ADDRESSES CONVENTION

Mr. William J. Cody, 174 Medford Street, spoke recently before seven hundred officers and directors of 175 cooperative banks on the occasion of the 61st annual convention of the Massachusetts cooperative bank league, held at the New Ocean House, Swampscott. Mr. Cody is a mortgage officer of the Boston Federal Savings and Loan Association, Boston, and a representative of the Boston Chapter of the United States Savings and Loan League Institute.

### REP. KEENAN APPOINTED TO MET. AFFAIRS COMMITTEE

Rep. Henry E. Keenan was appointed this week by Speaker of the House, Thomas P. O'Neill, to the Metropolitan Affairs Recces Committee, who will make further study on the improvement of the M. T. A. financial situation, subway extensions and other matters pertaining to the better operations of the M. T. A. Their studies will also include improvement in the Metropolitan District Commission operations of the water, sewer, park, and roadway system. The Recces Committee will report to the next session of the legislature their recommendations as a result of this study.

Rep. Keenan had filed House Bill No. 740 early in 1949, calling for the extension of the Harvard Square Subway to West Cambridge to terminate at the foot of the Concord Turnpike. Due to the reorganization of the MTA, and the meeting of the complex problems of the moment, it was deemed advisable not to take any action on this extension until a clearer picture could be formulated after the new reorganization plan and fare schedule were given sufficient time to operate. Therefore, this extension will be one of the matters that will be taken up by the recess committees. Further consideration will be given to Rep. Keenan's suggestions on improved car service to Arlington, while this study is being made. Last year he was able to obtain, with the cooperation of the committee and the trustees, an increase in the car and

bus service to Arlington during rush hours and the curtailment of the street cars going through to Watertown during the rush hours. They now turn around at the Harvard Square terminal and immediately return to Arlington.

Further study is to be made of the M. D. C. Parkway system in the Medford-Arlington area to include the building of a parkway on the Medford side of the Mystic River to facilitate a better flow of traffic from the parkway coming down from the Winchester-Woburn area. It is anticipated that these improvements will greatly benefit this general area.

Board of Public Works Commissioner William F. Callahan notified Keenan that the work on resurfacing of Mass. Ave. from Academy Street to Mt. Vernon Street and Paul Revere Road to Lexington line has been awarded and work should start on the resurfacing this week. Also that a hearing will be held relative to the resurfacing of Lake Street sometime in October.
